NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.

9/29/06 **A04-12-004** - Southern California Gas Company and San Diego Gas & Electric Company, for authority to integrate their Gas Transmission Rates, establish firm access rights, and provide Off-System Gas Transportation Services.

Summary: On September 28, 2006, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), met with Andrew Campbell, advisor to Cmmr. Chong, in San Francisco. Also present were Rami Kahlon, advisor to Pres. Peevey, Lindsay Brown, advisor to Cmmr. Bohn, and Mike Florio, Senior Attorney, The Utility Reform Network. Written material (attached to the notice) was used. Zafar and Florio explained that the peaking rate should not be eliminated. Florio stated that the fact that no party was able to produce any verifiable evidence that the existence of the peaking rate is of paramount concern to generators, is the most telling indication that this argument is unsupportable. Zafar stated that system integration was proposed in order to provide equal access to all customers within southern California to new or existing sources of supply, not to exempt SDG&E from the peaking rate. Zafar stated that whether SDG&E takes all of its demand from Otay Mesa or a small portion of its demand, the fact remains that it will contribute its full share of costs because Otay Mesa is a joint receipt point.

Written material, containing confidential information, was used: a redacted version of the written material is attached to the notice; and the confidential version is submitted under seal with the motion for leave to file under seal. Cherry stated that the proposed decision's (PD) methodology is inconsistent with the RPS Legislation.
